Contents

1 GENERAL INFORMATION

Metric and imperial units abbreviations.....	1-1
Note to the Owner.....	1-3
Product identification.....	1-5
Engine identification.....	1-6
Drive line identification.....	1-7
Drive line identification.....	1-7
Cab identification.....	1-8
Ecology and the environment.....	1-9
Advice.....	1-10
Programming tractor functions.....	1-12
Before operating the tractor.....	1-13
International symbols.....	1-14
Machine stability.....	1-15
Instructor's seat.....	1-19

2 SAFETY INFORMATION

Safety precautions.....	2-1
Safety decals.....	2-3
Safety rules.....	2-10
Fire extinguisher.....	2-17
Protection offered by the tractor.....	2-18
Intended use statement.....	2-21

3 CONTROLS AND INSTRUMENTS

ACCESS TO OPERATOR'S PLATFORM

Cab access/exit.....	3-1
Cab - Localization overview.....	3-5
Cab air filters.....	3-7
In cab storage (where applicable).....	3-8
Cable routing.....	3-9
Mobile phone.....	3-9
Monitor installation.....	3-9
Cab air pressurisation control (where fitted).....	3-10

OPERATOR'S SEAT

Air suspension seat.....	3-12
Air suspension seat deluxe.....	3-14
Armrest control.....	3-19
Seat belt.....	3-20

INSTRUCTOR'S SEAT

Instructor's seat.....	3-21
------------------------	------

FORWARD CONTROLS

Key start switch.....	3-22
Hazard warning light operation.....	3-22
Light's and turn indicator lever.....	3-23
Follow me home light's.....	3-23
Windshield wiper and washer controls.....	3-24
Electronic parking brake.....	3-25
Foot brakes.....	3-29
Exhaust brake where fitted.....	3-30
Steering column.....	3-31
Adjustable air vents.....	3-31

LEFT-HAND SIDE CONTROLS

Handbrake.....	3-32
----------------	------

RIGHT-HAND SIDE CONTROLS

Integrated control panel.....	3-33
Integrated control panel.....	3-34
Hand throttle lever.....	3-35
Multi function handle.....	3-35

REARWARD CONTROLS

Switches.....	3-36
Hydraulic master switch.....	3-37
Heated screens (where fitted).....	3-38
Fast steering system (where fitted).....	3-39
Battery isolator switch (where fitted).....	3-41
Climate controls.....	3-42
Manual temperature control.....	3-44
Automatic temperature control.....	3-45

OVERHEAD CONTROLS

Switch panel work lights.....	3-47
Radio or audio system.....	3-48
Interior light.....	3-49

INSTRUMENT CLUSTER

Analogue digital instrument cluster.....	3-50
Gauges.....	3-50
Indicator and warning lights.....	3-51
Displays.....	3-53
Keypad enhanced.....	3-55
Display settings.....	3-57
Ground speed calibration.....	3-58
Performance monitor.....	3-61
Armrest display.....	3-68
Color display.....	3-70
Performance monitor.....	3-76

Display programming	3-79
Error code access	3-82
Warning and advisory symbols	3-83

4 OPERATING INSTRUCTIONS

COMMISSIONING THE UNIT

Refueling the tractor	4-1
-----------------------------	-----

STARTING THE UNIT

Starting the engine	4-2
Grid heater cold start aid (where fitted)	4-3
Fuel heater (where fitted)	4-4
Coolant immersion heater (where fitted)	4-4
Transmission oil heater (where fitted)	4-5
Transmission - Operating Cold weather	4-6
Booster battery procedure	4-7

STOPPING THE UNIT

Engine shutdown	4-8
Engine automatic shutdown	4-8

MOVING THE UNIT

Operating in cold temperatures	4-9
Engine fan reversal	4-11

5 TRANSPORT OPERATIONS

PREPARING FOR ROAD TRANSPORT

Tractor transporting	5-1
Roof panel securing	5-1

RECOVERY TRANSPORT

Towing the tractor	5-2
--------------------------	-----

6 WORKING OPERATIONS

GENERAL INFORMATION

Engine power management	6-1
Engine constant speed	6-3
Differential lock	6-7
Four wheel drive	6-9
Front axle suspension (where fitted)	6-11
Automated headland functions	6-13
Headland turn sequence symbols HTS Quick reference	6-15
Record and replay	6-17
Universal symbols	6-21
Recording a sequence	6-22

Record and replay	6-24
Colour display screens	6-28
Colour display screens	6-31

TRANSMISSION

Full powershift transmission	6-32
Clutch pedal	6-32
Foot throttle pedal	6-32
Transmission operation	6-33
Powershift transmission controls	6-34
Transmission display	6-35
Driving the tractor	6-36
Auto shift function	6-38
Speed matching	6-42
Setting the forward and reverse gear ratios	6-43
Creeper gears	6-44
Viewing error codes	6-45
Ground speed Ground speeds	6-46
Continuously Variable Transmission (CVT) operation	6-51
Transmission operation	6-51
Anti jack knife	6-52
Stationary control	6-53
Engine speed control	6-54
CVT transmission controls	6-55
CVT transmission controls	6-57
Drive pedal	6-59
Speed setup	6-60
Transmission display	6-62
Manual mode	6-64
Automatic mode	6-65
Cruise mode	6-67
Two speed PTO systems	6-70
Speed matching	6-70
Viewing error codes	6-71

REAR POWER TAKE-OFF

PTO operation	6-72
PTO interchangeable shaft	6-72
Power Take-off (PTO) Connection	6-73
PTO operation	6-74
PTO 2 speed system	6-79
PTO shiftable multi speed	6-81
PTO electronic Electronic (where fitted)	6-84
PTO external controls	6-85
PTO automatic system	6-87

FRONT POWER TAKE OFF

PTO operation	6-90
PTO automatic system	6-92

REAR HITCH

Draft control electronic	6-94
Three-point hitch	6-98
Electronic Draft Control (EDC) operation.....	6-100
External hitch controls	6-105

FRONT HITCH

Front hitch	6-107
Front hitch operation	6-110
Auxiliary front couplers (where fitted).....	6-116
External hitch controls	6-118

ELECTRO-HYDRAULIC REMOTE CONTROL VALVES (where fitted)

Remote control valves.....	6-119
Remote control valves.....	6-126
Remote control valve operation	6-131
Remote control valve operation	6-138
Remote control valve operation	6-140
Joystick operation	6-142
Mid mount control valve	6-148
Remote valve controls.....	6-149
Hydraulic oil level.....	6-150

HYDRAULIC POWER BEYOND PORT

HYDRAULIC POWER BEYOND PORT FOR EXTERNAL SERVICES	6-152
Power beyond circuit	6-152
Power beyond circuit	6-154

THREE POINT HITCH

Three-point hitch	6-155
Lift rods	6-157
Top link	6-160
Lower links	6-162
Quick hitch.....	6-163
Lower links	6-165

DRAWBARS AND TOWING ATTACHMENTS

Drawbars and towing attachments	6-169
Drawbars and towing attachments	6-171

TRAILER BRAKING SYSTEMS

Trailer brakes air operated	6-175
Trailer brake bias control	6-179
Trailer brakes air operated	6-179
Trailer brakes hydraulic operated	6-180

WHEEL TRACK ADJUSTMENT

Front wheel track adjustment.....	6-182
Front wheel alignment.....	6-186
Steering stops.....	6-187
Front axle.....	6-187
Front wheel fenders.....	6-188
Rear wheel track adjustment.....	6-190
Flange type axle (where fitted) Flange type.....	6-190
Bar type axle (where fitted) Bar type.....	6-194
Dual rear wheels (where fitted) Dual wheels.....	6-200

BALLASTING AND TIRES

Tires and wheels ballast.....	6-203
Tires and wheels ballast.....	6-206
Tires and wheels ballast.....	6-208
Front wheels.....	6-210
Front wheels.....	6-211

AUXILIARY POWER CONNECTIONS

Diagnostic socket.....	6-213
Trailer electrical socket.....	6-214
Internal power connectors.....	6-215
External power connectors.....	6-217

7 MAINTENANCE

GENERAL INFORMATION

Introduction.....	7-1

Note to the Owner

GENERAL INFORMATION

This Manual has been prepared to assist you in the correct procedure for running- in, driving and operating and for the maintenance of your new tractor. Read this Manual carefully. Your tractor is intended for use in normal and customary agricultural applications.

If at any time you require advice concerning your tractor, do not hesitate to contact your authorised dealer. He has factory trained personnel, genuine manufacturers' parts and the necessary equipment to carry out all your service requirements.

The specification are provided for your information and guidance. For further information concerning your tractor and equipment, consult your authorised dealer.

All data given in this manual is subject to production variations. Dimensions and weight are approximate only. The illustrations do not necessarily show tractors in standard condition or imply that these features are available in all countries. For exact information about any particular tractor, please consult your authorised dealer.

Your tractor has been designed and built to give maximum performance, economy and ease of operation under a wide variety of operating conditions. Prior to delivery, the tractor was carefully inspected, both at the factory and by your dealer to ensure that it reaches you in optimum condition. To maintain this condition and ensure trouble-free operation, it is important that the routine services, as specified in Maintenance Section of this Manual, are carried out at the recommended intervals.

ABOUT THIS MANUAL

This manual gives information for use of your machine, as intended and under the conditions foreseen by the manufacturer during normal operation and routine service and maintenance.

Read and understand; keep it in good condition and always safely store it in the provided pocket in the back of your seat for later easy retrieval.

This manual does not contain all the information related to periodical service, converting and repairs to be carried out by professional service personnel.

The Table of Contents page(s) are provided to have an overview of main manual's topics. A detailed alphabetic index is available at the end of this manual for locating specific items.

Normal operation

- Normal operation means the use of the tractor for the purpose intended by the manufacturer by an operator familiar with the tractor and the mounted or towed

equipment and complying with the information for operation and safe practices, as specified by the manufacturer in this manual and by the decals on the tractor and the equipment.

- Normal operation includes the preparation and storage of the tractor, swinging components into work position and vice versa, adding or removing ballast and picking up and setting off attachments.
- Normal operation includes the adjustment and setting of the tractor and equipment, for the specific condition of the field and/ or the crop.

Routine service

- Routine service and maintenance means activities that must be done daily by an operator familiar with the tractor characteristics and complying with the information for routine service and safe practices, as specified by the manufacturer in this manual and by decals on the tractor, in order to maintain its proper function. Routine service includes activities such as fueling, cleaning, washing, topping up fluid levels, greasing, replacing of consumable articles such as lamp bulbs.

Converting, periodical service and repair

- Periodical service means activities that must be done at defined intervals by trained personnel familiar with the tractor characteristics and which are complying with the information for periodical service and safe practices, as partly specified by the manufacturer in this manual and in other Company literature, in order to maintain the expected life time of the tractor.
- Converting means activities that must be done by professional service personnel familiar with the tractor characteristics and complying with the information for converting, as partly specified by the manufacturer in this manual, in assembly instructions or in other Company literature, in order to fit the tractor to a specific configuration.
- Repair means activities that must be done by professional service personnel only familiar with the tractor characteristics and complying with the information for repair, as specified by the manufacturer in the dealer's workshop manual, in order to restore the proper function of the tractor after a failure or degradation of performance.

CLEANING THE TRACTOR

Your tractor is a state- of- the- art machine with sophisticated, electronic controls. This should be taken into consideration when cleaning the tractor, particularly if using a high pressure washer. Even though every precaution has been taken to safeguard electronic components and connections, the pressure generated by some of these machines is such that complete protection against water ingress cannot be guaranteed.

Thank you so much for reading.
