TO PURCHASERS OF CASE IMPLEMENTS

Congratulations on your purchase of a CASE mower. Welcome to the ever-increasing number of satisfied CASE owners.

The dependability and economical performance of your new CASE mower will prove that you were wise in making this choice. The organization back of your mower has been building quality farm equipment for more than a century. Your CASE mower was built in one of the largest and best equipped plants in the world. In this factory quality materials, the finest precision machinery, high grade workmanship, thorough inspection, and complete testing equipment are combined to give you the best in performance and economical operation.

The care which you give your mower will have a great deal to do with the service and satisfaction you get from it. By observing the precautions and suggestions in this manual, your CASE mower will serve you well for many years. Make this manual your guide. Should you need information not covered here, or should your mower require special servicing, contact your Case dealer. He has trained men who are kept informed on the best methods of servicing CASE implements in the field or in his shop.

When it becomes necessary, after long use, to replace certain parts on your mower, be sure to use only genuine CASE parts which insure proper fit and continued good service. These may be obtained from your CASE dealer. It is always helpful to provide him with the MODEL of your mower in addition to a description (and part number if available) of the parts required.
